

SENSE COMBI ELECTRIC SAUNA HEATERS

The Sense line-up of efficient electric sauna heaters consists of a comprehensive product range, catering to a multitude of users and applications. With a wide range of power outputs available, along with different physical sizes, the Sense is easily placed in small residential saunas as well as high-traffic commercial and public settings. We have split the Sense family into three groups, Sense, Sense Combi and Sense Commercial.

TYLÖ®

Sense Combi

Sense Sport Combi 4

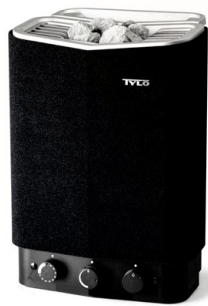

The Sense Sport Combi sauna heater comes with a built-in water tank and provides steam bath performance in addition to traditional dry sauna. A perfect electric sauna heater for small saunas. The protective coating provides extra safety in a small space.

Sense Combi Pure

Like the rest of the Sense family of electric sauna heaters, Pure delivers heat fast and efficiently. It is standard equipped with digital touch control panel Pure for ease of use and convenience.

Sense Combi Elite

The given alternative for the outmost sauna pleasures. Dry sauna, or soft steam. You name it, Sense Combi Elite sauna heater delivers, while being efficient, smart and easy to use. With its Wifi control panel you can program it or turn it on or off from anywhere within the range of your local WiFi network.
